What better sound to hear than the voice of a Toastmaster! I cannot believe this day has finally brought us together to celebrate our
"Voices Around The World!"

"Most of my important lessons about life have come from recognizing how others from a different culture view things." -Edgar H. Schein

There have been many spectacular conference themes throughout the years. When we were exploring themes, we decided that this year we wanted to celebrate Toastmasters. Toastmasters are resilient and fun. They are passionate and eager to learn. They are a real family!

With family in mind, Toastmasters bonded together, during a notably tough time in the world, and found a way for each voice to have the opportunity to travel the globe with a few keystrokes. We found a way to explore without leaving the house!

I welcome you to immerse yourselves in the beauty of this conference. There are so many people who have poured their hearts and souls into this event. As you learn and play, our hope is that you learn and become inspired to use your talented voices to make the world a better place.

Quoting a saying that originated on the African continent, "It takes a village to raise a child." Much gratitude is extended to my village for making this day possible with positive support and inspiration. Thank you for your leadership in 2020 & 2021!

Greetings fellow Toastmasters and Guests,

Welcome to District 84 Annual Conference "Voices Around the World". What a great theme the Conference team has come up with. I hope you have found your voice, as I have in Toastmasters.

A special welcome to our First Timers. District 84 is known for throwing the best conferences in all of Toastmasters. You are going to have a blast, meet new friends, and learn a lot too.

Enjoy your weekend, share your stories, and tell a few jokes.

Dr. Ralph Smedley, Founder of Toastmasters International, said "we learn best in moments of enjoyment."

Thank you for the opportunity to serve you as District Director for District 84 this year.

Pim Parpart, DTM
District Director 2020-2021

Do you feel like this Toastmasters' year has flown by while we were "Zooming Around the World"?

We started off the year in July by going where District 84 had never gone before, online TLLs.

We forged the way like ax wielding pioneers on a trail blazing expedition. Many members stepped up and helped out, getting trained on Zoom etiquette as well as gaining experience as Zoom moderators.

Then in December and January we did it all over again. We had a total of 1797 Officers trained during both rounds.

Another frontier for District 84 was the online contests. Lots of new rules to learn and implement. The Division Directors and their teams "adapted and overcame" the challenges presented to them.

This year has had unique challenges and I am so grateful to the hundreds of Toastmasters around the District who demonstrate servant leadership every day.

It is so awesome to be a part of something bigger than ourselves.

Explore your "Voices Around the World" Conference. Be inspired by learning something new. Immerse in the opportunities to meet new friends and reconnect with old friends.

Enjoy the conference!

Debi Jo Londono, DTM
Program Quality Director 2020-2021

WELCOME AND HAPPY CONFERENCE!

Wow! Can you believe that this Toastmaster year is almost over?

Is it me, or do you sometimes feel like the older you get, the faster the time goes by? Don't think that your job for this Toastmasters' year is done. The conference is simply a reminder that we are ALMOST done. We have a little over a month before we can officially close the books on our current term.

We come together this weekend to celebrate the MANY accomplishments of our District. As we recognize our members during the Awards Ceremony and the DTM Walk, my heartfelt thanks go out to each and every one of you.

THANK YOU to each and every Toastmaster who has given their time, their talents, their passion and their positive energy!

THANK YOU to all the Chairs on my Club Growth Team. You have not only helped our District grow, you have helped ME grow, as well.

My DEEPEST APPRECIATION and sincerest THANKS to my Triomates: District Director, Pim Parpart and Program Quality Director, Debi Jo Londono, who have shared their knowledge, their love of Toastmasters, and their friendship with me! You have truly made this year even more special!

Let's celebrate our successes together this conference weekend. Tell your fellow Toastmasters how much they are appreciated. Let's continue to cherish our long-time Toastmaster friends, make new friends and new memories, as we continue our Toastmasters journey!

I wish you all happiness, love, laughter and continued success in all you do!

Sending Virtual Hugs!

Paula Summa, DTM
Club Growth Director 2020-2021

District 84 Toastmasters:

It has been a whirlwind of a year for many of us, as we weathered the storm, personally and professionally, having to deal with extraordinary challenges the pandemic has created. We were forced to adapt to a new way of life, show our resilience to forge forward, and continue on our personal development journey acquiring new skills along the way.

Our family of Toastmasters across the District unified through their clubs, collaborated with other members and successfully transitioned to online meeting while continuing to make it a fun learning environment for all.

Although some of your fellow Toastmasters were unable to continue on their journey, you showed your commitment to continue pursuing your communication and leadership goals. I applaud you for taking accountability for your personal development. Please stay in touch with former club members and continue to be the motivation they need to pick up from where they left off on their quest for success.

The leaders of your district demonstrated exceptional courage and leadership over the past year and will be remembered as the only batch of leaders to lead a district fully online, working diligently to fulfill the district mission and keeping members engaged.

This unique conference of Voices Around The World is a result of their effortless work and planning to stay committed and connected. It promises to awake your inner fire and focus on the memories, challenges and successes during this Toastmasters term.

Congratulations to all of you in District 84 for staying the course, navigating the rough storm and remaining resilient through it all.

On behalf of Toastmasters Board of Directors, I extend my best wishes and continued success to all of you.

Let's celebrate 2020-2021 by finishing strong and welcome a renewed 2021-2022 Toastmasters term.

We lost an amazing, strong, confident woman and friend when Distinguished Toastmaster, Debra Levy died on February 11th.

Debra was the epitome of everything she did: Civil Servant, Air Force Reservist, Distinguished Toastmaster, Red Hat Queen, John Maxwell speaker, Ordained Minister, College Student, Mother, Grandmother and Wife.

Debra set the example of being a true servant leader. She always led by example and was the kind of leader you could not wait to follow. All she had to do was ask.

She was a mentor, confidant and inspiration to so many. We will all suffer from her loss and will miss her greatly. We loved you, Debra. Rest in peace.

The Canary Islands are named after dogs, not birds contrary to popular belief. The archipelago is off the coast of northwestern Africa but is part of Spain. In Spanish, the area's name is Islas Canarias which comes from the Latin phrase *Canaria Insulae* for "island of dogs."

"When we have inner peace, we can be at peace with those around us. When our community is in a state of peace, it can share that peace with neighboring communities."

The Dalai Lama

To Pim, our District Director:

I knew you would be a great District Director, but you have amazed even me.
 You always lead by example, and what an example you are!
 You represent just what a person can achieve with Toastmasters.

HEAR ME NOW
A story of speaking up and moving ahead.

"When I learned to speak with confidence, I turned my dreams into reality."

My name is **Pim Love**.

I was born in Thailand, and moved to the U.S. with my family. After learning English, I joined the Toastmasters club to improve my public speaking skills. I gained the confidence to advance my career, graduate from college, and become an American citizen.

If English is your second language, Toastmasters provides a supportive group to help you practice speaking and leadership skills. No matter how confident you are, our speakers, facilitators, and hosts will help you improve.

DON'T LET LANGUAGE HOLD YOU BACK. CREATE YOUR OWN SUCCESS STORY.

Through your years on the Trio, your dedication to Toastmasters, and to our members, has been unwavering. No matter what, you always leave everything else outside, showing us that wherever we are, we are ALL Toastmasters...and that is all that matters.

We've traveled the world together, gone to a million meetings, and loved every minute.
 Thanks for sharing it with me. Where to next?
 Love, your husband, Ron

There are only two countries with names that begin with "the." You might find yourself saying "the" before various countries and place names when referring to them thanks to grammar and common pronunciation, which is why the United States or the Maldives are commonly said. However, only **The Gambia** and **The Bahamas** formally include "the" in their nation's names.

Exploration Notes

I am a global citizen.

I explore differences
Even when they're hard to celebrate.

I pursue empathy
Even though I have apathy.

I seek understanding
Even though I desire to be understood.

I immerse myself in culture
Even though it's not my own.

I aspire to be an ally
Even for those I don't agree with.

I learn from my own blind spots
Even when they leave me blinded.

I inspire others
Only because they inspired me.

I am a global citizen
At home in the world
Not in a single place.
